WISSLER MEANS RESPONSIBILITY

Wissler mannequins are designed for long-term use. With our repair service, in-house spare parts stock and long-term parts availability for older models, we help our customers keep their mannequins in use for as long as possible.

A mannequin does not always need to be replaced. Individual components can often be replaced and damage repaired.

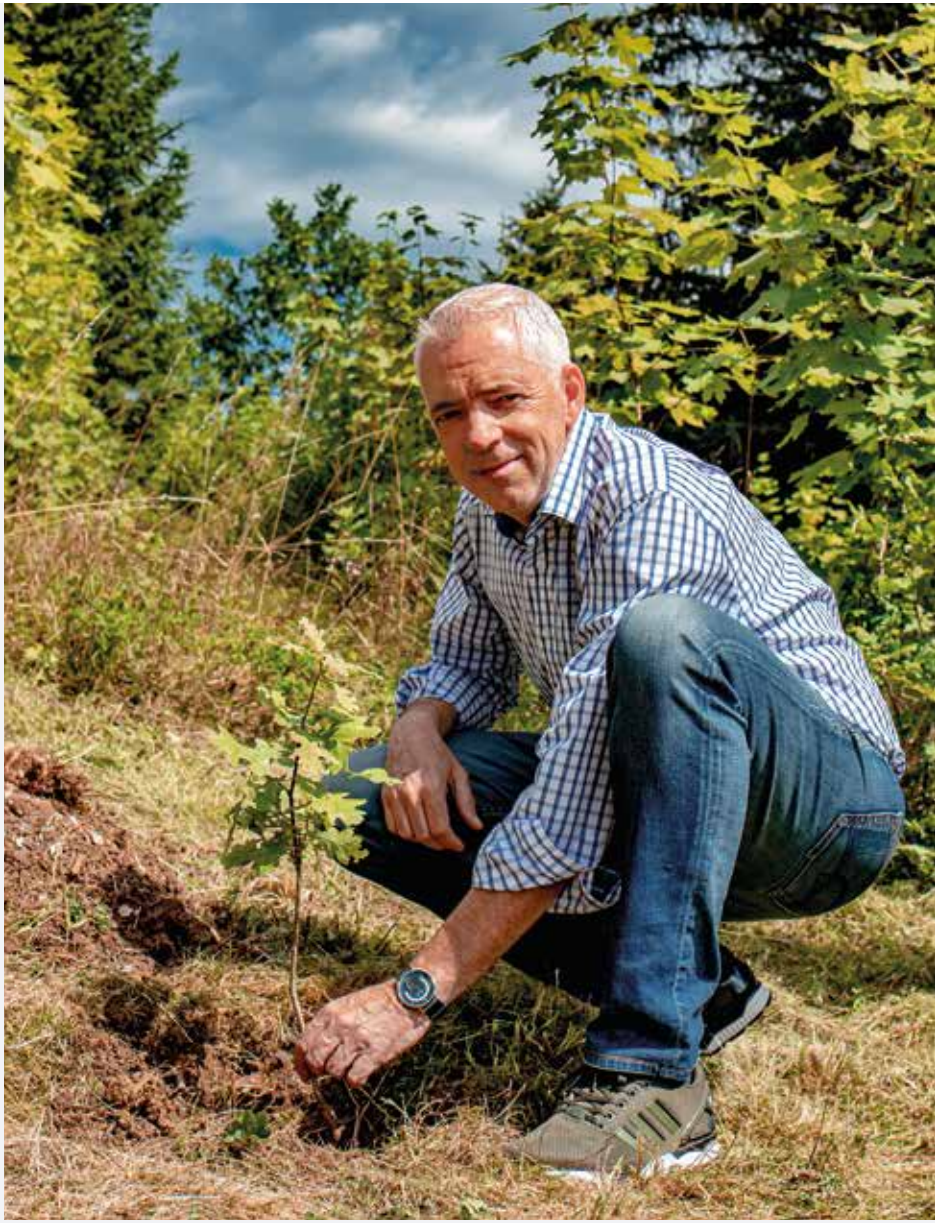

DURABLE & REPAIRABLE

OUR PLANT-MY-TREE® INITIATIVE

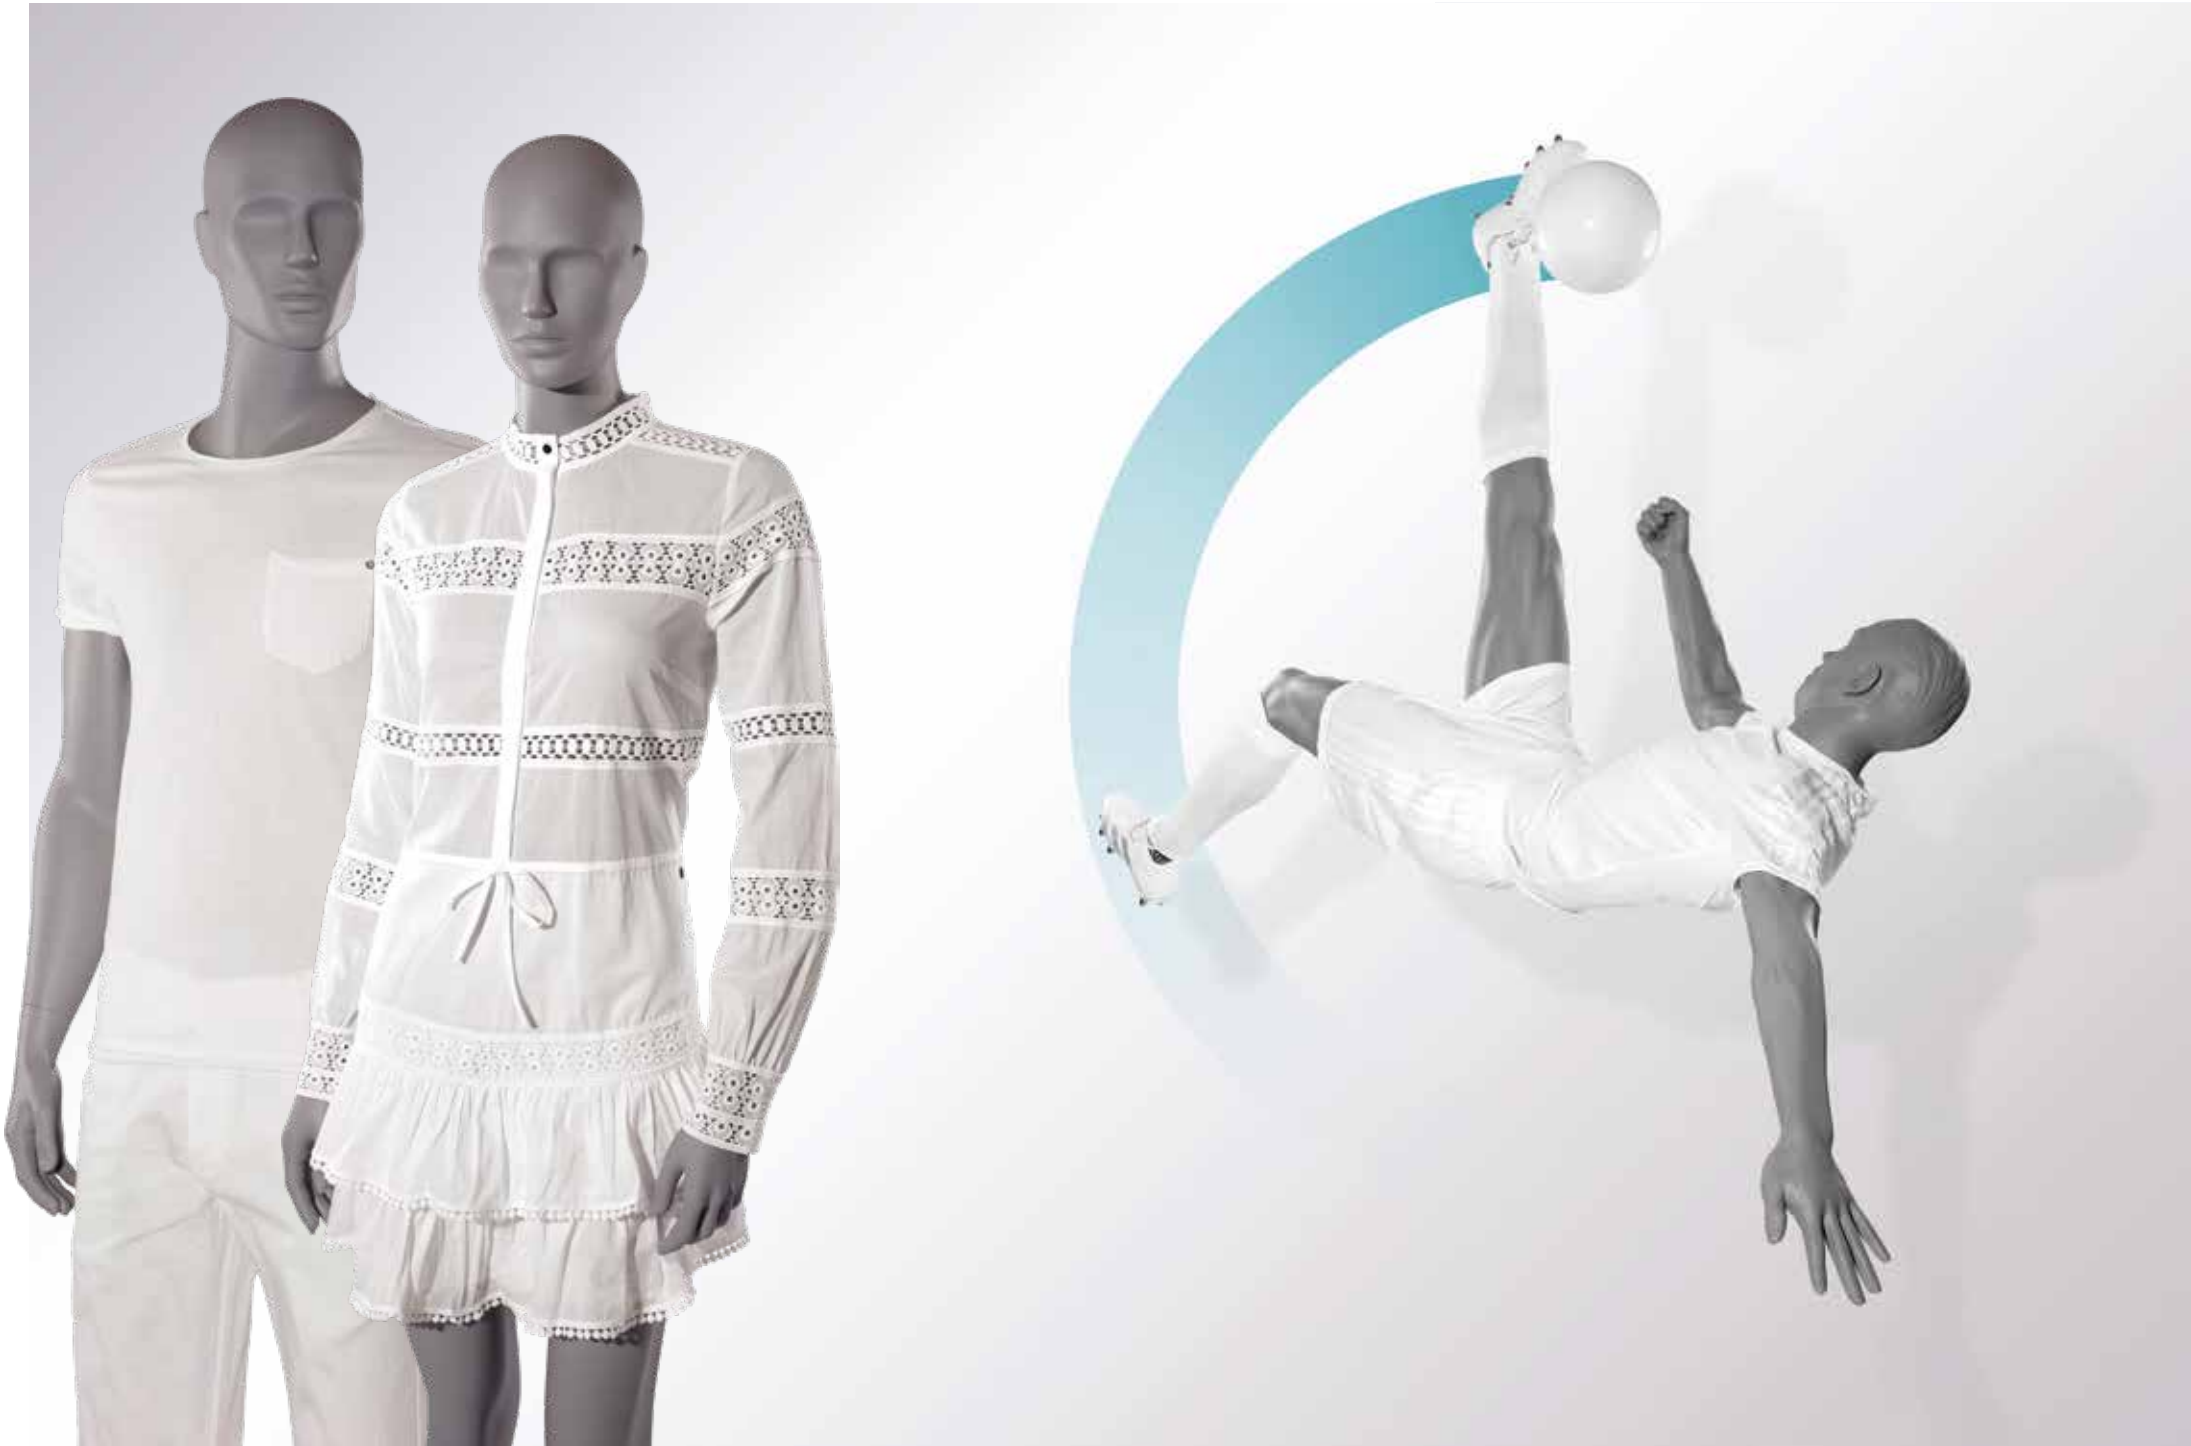

As part of a multi-year initiative, Wissler supported PLANT-MY-TREE® reforestation projects in Germany from 2022 until the end of 2025.

For every order received during the initiative, a tree was planted through our project partner at the time.

The initiative was a visible part of our commitment during this period. Today, our focus is primarily on extending the service life of our mannequins. Repair options, available spare parts and long-term parts availability for older models help our customers keep Wissler mannequins in use for as long as possible.

Planted with care: Claus Saumweber, CEO, planting a young oak.

IMPULSE FASHION & SPORTS

Fashion, lifestyle and sports – united in one series. The stylish heads, combined with the trend colour grey – similar to RAL7042 – express the spirit of time. All parts of the collection have an anti-scratch surface. Sophisticated fittings guarantee precision on all positions

IFSF03

The invisible tube system - which disappears in the back of the mannequin - is designed to present all kind of trousers.

Whether it's high waist jeans or dungarees – the fit of "Easy-to-dress" is perfect

IMPERIAL

Classy in black and textile

Imperial consequently follows the trend of the vintage-styles. The cover made of linen reminds one of tailor's bust and adds naturality to the mannequin.
Combined with a silk-mat surface, the mannequin becomes an irresistible eyecatcher.

A touch of vintage combined with perfect fit guarantees a wide range of presentation of this extraordinary series.

TECHNICAL DETAILS
